TOWN WARRANT

THE STATE OF NEW HAMPSHIRE.

To the Inhabitants of the Town of Goffstown, in the County of Hillsborough, and in said State, qualified to vote in Town Affairs:

[L. s.]

You are hereby notified to meet at the Town House, in said Town, on Tuesday, the tenth day of March next, at ten o'clock in the forenoon, to act upon the following subjects:

1. To choose all necessary officers and agents for the ensuing year, including a member of Board of Selectmen for three years.
2. To see how much money the Town will vote to raise for the Goffstown Public Library.
3. To see if the Town will vote to raise and appropriate the sum of thirty-seven hundred and fifty dollars (\$3,750.00), as recommended by the State Highway Commission, for the maintenance of our State Aid Highways, the State to furnish an equal sum.
4. To see what sum of money the Town will vote to raise for improvements in cemeteries.
5. To see if the Town will vote to intervene in the action of the Boston and Maine Railroad to abandon the Manchester and North Weare Railroad, now pending before the Interstate Commerce Commission; to employ counsel and such experts as may be deemed necessary to

defend and protect the interests of the Town and to approve and ratify the action already taken by the Selectmen; to raise and appropriate money for said purpose and take any action that may be deemed advisable in respect to said proposed abandonment.

6. To see if the Town will vote to raise and appropriate the sum of four hundred dollars, the State to furnish one hundred dollars additional, for the suppression of the White Pine Blister Rust.

7. To see what action the Town will take relative to the construction of a sewer system, and raise and appropriate money for same.

8. To see what sum of money the Town will vote to raise for addition of Sewer Fund.

9. To see if the Town will authorize the Selectmen to contract with the U. S. Bobbin and Shuttle Company in reference to flowage rights of the land and bridge used as a highway and crossing the Piscataquog River, near Otis F. Sumner's Drug Store, that may be affected by the raising of said Company dam and the level of the water in said river and in the name of said Town; to contract with said Company respecting said flowage rights on such terms and for such price as the Selectmen may deem right and proper, to the end that the safety of the traveling public shall be duly protected.

10. To see what action the Town will take to keep the highways open during the winter months, and raise and appropriate any sum necessary therefor.

11. To see if the Town will vote to raise and appropriate a certain sum of money, the State to furnish a like amount, for the purpose of constructing a State Road, beginning at the residence of Simeon Watts on High Street to the Dunbarton line.

12. That the Town of Goffstown accept Heald and Warren Avenues.

13. To see what sum of money the Town will vote to raise for improvements at Barnard Playground.

14. To raise and appropriate such sum of money as may be necessary for the support of the poor, for the repairs of highways and bridges, for Memorial Day, and other legitimate Town expenses for the ensuing year.

15. That the Town of Goffstown elect or appoint a fourth Road Agent to serve in Pinardville District Precinct, said agent to be a resident of the district.

16. To hear the reports of Agents, Auditors and Committees, and pass any vote relating thereto.

17. To transact any other business that may legally come before said meeting.

Given under our hand and seal this twenty-first day of February, 1925.

JOHN H. WETHERBEE,
GEORGE L. EATON,
Selectmen of Goffstown.

A true copy of Warrant. Attest:

**REPORT OF GOFFSTOWN VILLAGE
FIRE PRECINCT.**

**Fire Wardens
and
Water Commisisoners**

REPORT OF THE FIRE WARDENS OF THE GOFFS-
TOWN VILLAGE FIRE PRECINCT.

For the year ending February 1, 1925.

During the past year all records of former years have been broken, and your Fire Department have been called to attend to forty-eight different fires.

Practically the only loss sustained by our Precinct was the damage to the house of Mr. Gould and the destruction of Mr. Crosby's home. When we stop and think of the dangers confronting us on that windy night, and the delay in sounding the alarm, we cannot help feeling very thankful that our loss ended there.

We have been called to New Boston twice and to brush and chimney fires in nearly all sections of the town.

Let us again caution all landlords as well as tenants to pay more attention to the condition of chimneys. See that they are well topped out, thoroughly cleaned and never allow the funnel hole to be papered over without first placing the thimble.

Think of it: Five chimney fires in one block in eleven months.

We are always willing to serve you in your hour of need, so please help us out by attending to those chimneys.

HEALTH OFFICER'S REPORT.

The past year three cases of Diphtheria, three cases of Whooping Cough, thirty-three cases of Scarlet Fever, and ninety-two cases of Measles have been reported to the Board. One each of Diphtheria and Scarlet Fever died.

A Tuberculosis Clinic was held in the Fall, and quite a goodly number were examined; another clinic will be held probably in March, under the supervision of Dr. Kerr. The work of the School Nurse, Mrs. Jenkins, should receive the hearty support of every parent, as it is for the upbuilding of the health and future happiness of your children.

Citizens should know that one-half of all money collected by our local Red Cross chapter in membership fees remains in the treasury for use in Goffstown. Possibly if more persons were aware of this fact more would cheerfully become members, as you may help some poor child to buy a much needed pair of glasses or give him other medical attention.

Again we urge the necessity of immediate building of the sewer, for which money has been previously raised, and more money should be raised this year to insure its completion. At Pinardville, some solution of the sewage disposal will shortly be necessary.

The public health of any community is its greatest asset, as well as its greatest responsibility.

ROBERT M. GORDON,
Health Officer.

REPORT OF TRUSTEES.

GOFFSTOWN PUBLIC LIBRARY

Any public institution, whether business, philanthropic or social, requires much more work and planning by a certain few than appears on the surface, and this is true of a public library. Those who may have read recently in the Manchester paper the interesting accounts of the organization and management of the Manchester City Library have doubtless been surprised at the immense amount of work done "behind the scenes," at the same time being better able to understand what makes the wheels of the institution run so smoothly and efficiently.

The work done at the Manchester library has to be, to a certain extent, duplicated on a much smaller scale in our own and other small town libraries. Books for our library are added only after being carefully examined as to their worth, and no work of fiction is accepted before being read by a person of discrimination to determine its desirability.

After being purchased, the books are classified, cataloged, stamped and lettered before they are ready to be issued to the borrowers, all of which work has to be done by the librarian and her assistants during "spare moments." Books torn by careless readers or worn from long use have to be mended at the library, and it is frequently necessary to rearrange and put into their proper places on the shelves the volumes which are misplaced by those who are allowed the privilege of making their own selections from the stacks. Little of this work is apparent to the average borrower, who is apt to think of a librarian only as a person who gives out books over the counter.

It is the desire of those in charge to make our library as useful to the citizens of Goffstown as is possible, and it is to this end that volumes covering a wide range of subjects are purchased each year. In the average community, works of fiction will always have the widest circulation, but for those who have no time for purely recreational reading our library contains much that is interesting and helpful. Mothers will appreciate the new works on home-making and the care and feeding of children; there are travel books for the man who may long to visit foreign lands but is forced to remain at home; while for the boys there are fascinating volumes on sports, radio and other subjects of special appeal to them. An effort is made to obtain the best moderately-priced books of interest to those of all ages and tastes, and biography, history, poetry, religion and science are among the subjects represented in the books purchased during 1924.

Throughout the year, lists of new books have been published in the local column of the Manchester newspapers, additional lists being published of the special collections assembled at the library at different times. The Lenten season, Children's Book Week and Christmas furnished the occasions for these observances.

For the third consecutive year our assistant librarian, Miss Marden, attended the summer school held at the University of New Hampshire, under the direction of the State Public Library Commission, and was one of the fourteen members of the school who received a certificate for being present at every session of the two weeks' term. The enrollment at the school included more than forty librarians and assistants from all parts of the state, and the contact with those from other libraries is an education and inspiration in itself.

When the annual meeting of the New Hampshire Library Association took place in Manchester, September 24-26, our librarian, her assistants, and three of the trustees were present at some of the sessions, and one of the

trustees and the assistant librarian attended the meeting of the New England School Library Association held in Manchester in connection with the State Teachers' Convention in October.

In order to provide for a regular substitute who might be available when needed, Miss H. Arlene Thorp was appointed second assistant and substitute, and works regularly two hours each week during the busiest periods. Miss Thorp gave her services for several weeks while learning the routine of the work and received her appointment July 14, 1924.

Three meetings of the trustees were held during 1924 to discuss library policies and management. Suggestions from our citizens as to desirable books for purchase are always welcomed, and the trustees wish to hereby express their thanks to the several friends who have made gifts to the library during the past year.

REPORT OF CEMETERY TRUSTEES

REPORT OF WESTLAWN CEMETERY.

The same care has been given the lots in Westlawn as in past years. Owing to the dryness of the season the yard could not be mowed as often as in wet seasons, but we hope that the prolonged drought has not seriously damaged the lawns.

It is hoped by the Trustees that the ravine may be graded and substantial retaining walls built to keep the brook in its proper channel. Also in the near future action must be taken towards providing additional land as the remaining lots are fast being taken.

REPORT OF HILLSIDE CEMETERY.

The money raised the past year for the purpose of procuring a more substantial fence has been placed in the hands of the Trustees of the Trust Funds until such additions as may be made will warrant the erection of an iron fence.

The additional land procured to enlarge the cemetery will soon have to be cleared and surveyed as there are few desirable lots left in the older part.

REPORT OF SUPERINTENDENT OF SCHOOLS

GOFFSTOWN "SPECIAL" SCHOOL DISTRICT.

To the School Board and Citizens of Goffstown "Special" School District:

As usual in the annual report, statistics and matters of record are taken from the register of the last completed school year—in this case the year ending in June, 1924. Apart from that, all comments relate to the present school year, now a little more than half gone.

The enrollment in the lower primary room reached fifty-two, which is a larger number than can possibly be taken care of by one teacher. Part of the time all seats, in addition to a number of chair desks, have all been occupied.

In the High School the enrollment of ninety-two was more than had been anticipated. It is the largest number that has ever been enrolled. In attempting to care for this number there has been much crowding and confusion, as many desks have been used by two pupils and some have had scarcely any place for their books and materials. However, relief from this crowded condition appears to be in sight since the coming of summer should see the new High School building well under way.

"Health Supervision" this year is under the direction of Dr. Dearborn and Mrs. Maude Jenkins, school nurse. The usual physical examinations have been given. More use of clinical advantages in Manchester is now made, affording an opportunity to secure the best attention that can be had. Mrs. Jenkins spends at least one day a week in the schools, thereby giving constant attention to the health of the children.

Last June the following graduated from High School:

Vivian Farmer	Lucy Mosses
Ruth Largy	Vera Newton
Stewart Lovell	Carolyn Ray
Shirley Morgrage	Barbara Schricker
Oliver Mosses	Donald Worden

Perfect attendance records are given, as in former years. This year those records are given under the heading "Attendance Records." The former designation, the "Honor Roll," has been reserved for another list of pupils, chosen, not because of any one item, although that item might be creditable. In reckoning the standard for these pupils included in the "Honor Roll" a number of items enter into the account: Attendance, attitude toward school work, effort, deportment, and the achievement of the pupil. This does not discount the value of perfect attendance. But more important than mere attendance is the attitude of the pupil toward the teacher and the assigned task. Does the pupil "behave" in a decently respectable manner? Does he meet criticism or suggestion with a constructive attitude? Is his achievement worth while for him? Does it approach what we have a right to expect and require of him? "Achievement" alone, whether with a large or small number of pupils, is not an exact measure of effort or industry. A "brilliant" pupil may accomplish easily and quickly what will cost a less brilliant pupil more time and effort. But this slower pupil will probably profit more because of the greater investment of effort and time. The following list of names in the various grades indicates those who have met the requirements and conditions referred to above.

No new subject has been added to the course of study this year. Rather the purpose has been to teach more effectively those subjects we already have—those known as “fundamentals”: reading, arithmetic, spelling, history, geography, and English.

In arithmetic emphasis is placed upon accuracy in addition, subtraction, multiplication, and division. After accuracy comes speed.

In English less emphasis is given to “technical” grammar and increased emphasis to “Correct English” habits. In spelling there is no attempt to master unused words of unusual difficulty, but effort is directed to the mastery of words which will be in frequent or constant use.

In history the pupils are not required to memorize a long string of dates in regular order, but they are required to know a number of outstanding dates in American History, and events that center there. The pupils are not expected to know the birth dates of all the men

and women prominent in our history, but they are expected to know something about a number of our great Americans as to their worth, their work, and place.

The work in "fundamentals" is continued in and through the High School, special tests being given and materials afforded for the teachers in this work.

With appreciation for the hearty co-operation of the teachers and the members of the School Board, this report is

Respectfully submitted,

J. BYRON TARNEY,
Superintendent of Schools.

AUDITOR'S REPORT

I hereby certify that I have examined the accounts of Charles F. White, Treasurer of the Goffstown Independent School District, and find them correct.

GEORGE L. EATON,

Auditor.

February 10, 1925.

REPORT OF SUPERINTENDENT OF SCHOOLS

GOFFSTOWN "TOWN" SCHOOL DISTRICT.

To the School Board and Citizens of Goffstown Town School District:

While the statistics and records which find a place in this report are for the school year ending June 15, 1924, practically all other matters relate to the current school year.

New teachers are: H. Dewey Hillman, who has charge of the grammar room at the Bartlett school, and Mrs. Mertrie Michie, who has charge of the intermediate room at the Bartlett school. As Miss Katherine McLain was unable to return to Grasmere in September, Miss Ethel Stone substituted there until the Christmas vacation. It was with regret that we learned finally that Miss McLain would not be able to return at all. Accordingly, beginning with the new year, Miss Mary Whitney, who had intended to return to the Bartlett school but was prevented from doing so during the fall term, took charge of the Grasmere grammar room.

The enrollment in the schools excepting at the Bartlett varied but little from the preceding year. However, at the Bartlett school as many pupils were registered in the opening week as for all of last year. Three rooms are now used almost to capacity. Within a year or two doubtless the other room will need to be equipped and another teacher engaged to take care of the children in this rapidly growing region. The increase in pupils this year was largely in grades five to eight.

After the experiences of last year with the time-saving calendar the school board adopted a similar one for this year. It has been so arranged that most of the holidays come during regular vacation periods. Labor Day and Columbus Day are all that have been lost from school.

It has not been necessary this year to carry on a night school for non-English speaking people who are working in the mills, because of the fact that the mills have been running with a very much reduced force. The names of but six persons have been reported to me who would be required to attend the evening school. It is more likely, however, that when the mills do get really under way that, another year, an evening school will be required in the Bartlett building to provide for those from sixteen to twenty-one years of age who are unable to read and write and understand English.

The health supervision this year has been under the direction of Dr. Luther Dearborn and Mrs. Maude Jenkins, the school nurse.

The people of the district should be gratified to know that so large a number of pupils having finished the eighth grade have continued their education by entering High School.

From the "Town" district this year thirty different pupils have been in attendance at Goffstown High School. They are as follows:

Mildred Bailey	Doris Crain
Robert Donahue	Frank Gage
Harry Gage	Mary Grady
Francis Hall	Mabelle Hall
Mildred Hall	Chester Kelsea
Louise Lovell	Mary Lovell
Stewart Lovell	George Noyes
Mary Ordway	Sophronia Ordway
Helen Perley	Ruth Porritt
Willard Pratt	Earl Wiggin
Ruth George	Scott Greer
Madolyn Johnson	Floria Sawyer
George Stevens	Hazel Stevens
Ruth Stevens	Douglas Swett
Ruby Lakeman	Walter Small

Of these thirty pupils, Mildred Bailey, Doris Crain, Walter Small are no longer in attendance.

IN MANCHESTER HIGH SCHOOLS.

Verna Connor

Louise Mace

Lawrence Shirley

Albert Morency

Sara Tarr

Charles Perreault

Louise Tessier

The total for the year in High Schools has been thirty-seven; last year twenty-seven. At the present time there are thirty-four. One pupil has had to drop out of the West Side High because his parents were unable to pay the tuition in excess of the seventy dollars paid by the district. If the item for High School tuition in the school budget appears to be large, a bit of calculation will show that thirty-four pupils for the whole year and three more for part of the year, at seventy dollars each, will more than equal the two thousand dollars in the present year's appropriation.

It should be known, too, that pupils whose elementary school work has been done in the "Town" schools compare most favorably with High School pupils whose preparation has been made in other elementary schools, sometimes spoken of as "Better."

There has been no attempt to add new subjects to the usual studies in the schools. Rather, we are stressing a thorough grounding in fundamentals. Teachers have been given suggestions and provided with considerable material in order to facilitate drill and practice in spelling, arithmetic, geography and reading. Standard tests are being used increasingly in order to find out more exactly whether pupils are coming up to the standards for their respective grades.

The School Board keeps in close touch not only with the financial and property matters which relate to schools but also with the work in the school room by visitation and through information given at the Board meetings which are held nearly every month during the school year. The intelligent and willing co-operation of the Board has been a strengthening factor in the conduct of the schools. With appreciation for them and for the constant daily work of the teachers this report is

Respectfully submitted,

J. BYRON TARNEY,

Superintendent of Schools.

REPORT OF SCHOOL BOARD.
GOFFSTOWN "TOWN" DISTRICT.

The following is submitted as the seventy-fourth annual printed report of the Town Schools, the forty-fourth of the School Board, and the sixth under a Superintendent.

The Supervisory Union met in the High School rooms at Goffstown on the evening of May 8 and re-elected Mr. J. Byron Tarney Superintendent of Schools for the ensuing year.

A class of sixteen pupils completed the work of our schools and received diplomas of graduation in the Town Hall at Grasmere on the evening of June 12.

We take this opportunity to thank the Superintendent and teachers for their work during the year, and we also wish to thank the Selectmen for favors received.

The reports of the Superintendent, Truant Officer and Treasurer will give further information relating to our schools, finances, etc.

The annual School Meeting will be held in the school-house at Grasmere on Saturday afternoon, March 14, 2 P. M. All voters of the District are invited to be present.
